

Pathways of Relationship

1. An individual must meet the requirements of the pre-application process (Please see "Visiting" under Involvement and Support)
2. An individual declares that he/she is interested in becoming a part of the Hummingbird Community. He/She will need to have an advocate and meet with the Entry team before moving through the application process.
3. The Governing Council with the support of the Entry Team determines if the individual is accepted into Exploring Relationship.
4. The individual is informed of their acceptance into Exploring Relationship, which is typically one year.
5. After completion of Exploring Relationship, if there is mutual recognition and right relationship, he/she would become a Participating Member or Apprenticing Steward.

	Extended Visitor	Exploring Relationship	Participating Member	Apprenticing Steward	Community Steward *
Criteria	Beneficial match between needs and objectives of individual and community A sense of resonance and connection Right relationship and right timing	A sense of resonance and connection.
